**It's about your smile**

This is what Emerald Dental is all about. Most and most individuals both young and old alike, have a heightened awareness of the importance in their lives that mean the most to them. Their oral presentation along with health and appearance factors are high on their list of priorities.

Emerald Dental continues to provide only the finest in dental care for our ever expanding list of Southern California clientele. Our staff of professional dental care clinicians and technicians are certified annually to ensure that you receive the finest level of oral care.

Dr. Jennings is and has always been a strong believer in continuing education and as a result has expanded his list of dental services into cosmetic enhancement techniques along with offering complimentary services to these patients during each respective visit.

Other notable analytical systems at our facility are 3-D imaging services that allow us to enhance the exact state of your dental condition to ensure the perfect plan and plan for your personal care needs.

**Richard M. Jennings, DDS**

Dr. Jennings has had his dental practice for more than 30 years in Southern California.

Having earned his degree in the dental sciences in 1977 from Harvard, he continues to provide state of the art care for his ever growing list of patients.

**You will be pleased**

We are always happy to receive a referral. Many of our clients have been referred to us by other highly satisfied customers of Emerald Dental. We'll get around when we create dental work as well as a patient and professional pleasure. We have allowed us eliminate all of the "bad" or local procedures many patients dislike when having their dental work done.

From "step-by-step" dental care for even the most minor of dental work to painless options using the "Vibraflex" syringe adapter for pain-free administration of anesthesia, we have an array of methodologies at our disposal to ensure your visit to Emerald Dental will be both pleasantly memorable and easy to return should you need us for touch-ups and adjustments.

**What is your smile worth?**

Here at Emerald Dental, we are devoted to the proper care and maintenance of your healthy smile. Few things are noticed as much as our smile regardless of its condition. There may be the dilemma; if our smile falls short of communicating what we would like it to, our self-confidence and mental well-being can suffer. Everyone desires to make an impression on others worth remembering. If you are concerned about your "real presentation", give us a call at our 800 number listed below. We will address all of your concerns at Emerald Dental.

**Richard M. Jennings, DDS**

A great number of our current patients have come to us by way of referral. This has been directly represented by word-of-mouth. By way of appreciation for such referrals, we have a complimentary dinner for two program that entitles our referring patients along with their companions a wonderful dinner at a fine Newport Beach eating establishment. Compliments of Emerald Dental. Just have your referring mention your name to us, upon their arrival and we will pull your file and mail you these two dinner passes for two. Just another way to express our gratitude for your thoughtful referrals from those past.
